

## **HIRING OF CONSULTANTS FOR PREPARATION OF FEASIBILITY STUDY FOR REGULARIZATION/UPGRADATION OF ILLEGAL SCHEMES / SETTLEMENTS IN ISLAMABAD**

Islamabad, the capital city of Pakistan, is recognized for its modern infrastructure, planned urban design, and natural beauty. However, over the years, unregulated growth has led to the emergence of illegal housing schemes and unplanned settlements within the Islamabad Capital Territory (ICT). These areas suffer from poor infrastructure, inadequate public services, environmental degradation, and unhygienic living conditions, which stand in sharp contrast to the city's planned sectors. Their existence not only undermines the urban character of Islamabad but also poses administrative, social, and environmental challenges for the Capital Development Authority (CDA).
